TX-FLEX MINI GOOSENECK OMNI MICROPHONE FOR LECTRO TA5F

TX-FLEX is a 6" Mini Gooseneck Omni Microphone with TA5F that plugs directly into a Lectrosonics wireless transmitter with "Servo-Bias" input.

It is ideal for vehicle shots, podiums, courtrooms, press conferences and stealth placement to name a few. Made from a modified 6" Shure Microflex* and custom fitted with a TA5F connector. It is designed to be used only with Lectrosonics Servo-Bias inputs like SMA, SMV, SMQV, SMWB, SMDWB, SMB, SMDB, DBu, SPDR, UMa, LMa etc..

The Omnidirectional pickup of the TX-FLEX has remarkable reach and linear off-axis clarity.

Includes (2) snap-fit foam windscreens

TX-FLEX Features

- *Unobtrusive mini gooseneck Omnidirectional microphone with TA5F, plugs directly into a Lectrosonics Transmitter*
- *For Lectrosonics Servo-Bias TA5 transmitter inputs only*
- *Mic is powered by the bias voltage of the Lectrosonics transmitter just like a Lavalier*
- *Fantastic choice for dialog pickup in vehicle shots - you usually can pickup everyone with just one mic*
- *Great off-Axis clarity - handles head turns away from the mic with a linear response*
- *Can be hidden up in the vehicle visor or gaffed to the dashboard with ease*
- *Made in USA*

Code	Item	Price
TX-FLEX	6" Mini Gooseneck Omnidirectional Microphone with TA5F connector, For Lectrosonics wireless transmitters with "Servo-Bias" TA5F input, Includes snap-fit foam windscreen, Black	\$ 299.00

FOAM WINDSCREENS

Eastwind Audio Microphone Foam Windscreens are engineered to protect the microphone against light wind and plosive pop noise. Made of long-lasting, premium open-cell acoustic foam. High-quality foam windshields offer reliable wind noise attenuation up to +/- 20 dB. The open-cell tech keeps high frequency loss to a minimum and provides resistance against moisture and UV light. Models include Shotgun, Small Diaphragm, Handheld, Reporter and Lavalier microphones.

Code	Item	Price
SGMF-18SH	Shotgun Microphone Foam Windscreen, 18cm internal length with Standard bore diameter for 19mm to 22mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: Sennheiser MKH 416, MKH 418, ME 66 K6, RODE NTG3, Sanken CS-3, Deity S-Mic 2, Sony: ECM 670, ECM 678, ECM 680S	\$12.99
SGMF-18LH	Shotgun Microphone Foam Windscreen, 18cm internal length with LARGE bore diameter for 24mm to 25mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: Sennheiser MKH 60, Sony ECM 672	\$12.99
SGMF-15SH	"Shotgun Microphone Foam Windscreen, 15cm internal length with Standard bore diameter for 19mm to 22mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: SCHOEPS SuperCMIT, Sennheiser MKE 600, RODE NTG1, NTG2, NTG4, NTG4+, Sanken CS-1, CS-2, Shure VP82, VP89S, Audio-Technica AT897, AT835ST, Neumann KMR 81i, KMR-81D	\$12.99
SGMF-12SH	Shotgun Microphone Foam Windscreen, 12cm internal length with Standard bore diameter for 19mm to 22mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: SCHOEPS CMIT 5, MiniCMIT, DPA 4017, Sennheiser MKH 8060, Audio Technica AT4073a (BP4073), AT875, Sony ECM-673, ECM-674	\$12.99
CCMF-5SH	5cm Compact Condenser Microphone Foam Windscreen, 5cm internal length with Standard bore diameter for 19mm to 22mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: SCHOEPS CMC 6 / MK 41, MK 4 etc., CMC 1 U / MK 41 etc., Sennheiser MKH 8040/8050, RODE NT5, DPA 4006, 4011, Telefunken ELA M 260, Sennheiser ME 62, ME 64, Neumann KM 184, KM 185, KM 184 D	\$6.99
CCMF-5LH	5cm Compact Condenser Microphone Foam Windscreen, LRG Bore, 5cm internal length with LARGE bore diameter for 24mm to 25mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: Sennheiser MKH 50, MKH 40, MKH 20, Beyerdynamic MCE 72, Shure KSM 137	\$6.99
HHF-SM	Handheld / Reporter SMALL Microphone Foam Windscreen, 50mm internal length with a bore diameter for +/- 35mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: RODE Reporter, Sennheiser MD 46, e842, e855, Electro-Voice 635 N/D, Beyerdynamic M58, Audio-Technica AT8004, BP4001/4002	\$6.99
HHF-LG	Handheld / Reporter LARGE Microphone Foam Windscreen, 55mm internal length with a bore diameter for +/- 40mm diameter microphones. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: Electro-Voice RE50B, Shure SM58, Sennheiser e835, SKM w/ Evolution Capsule, SKM w/ Neumann KK Capsule, Beyerdynamic MCE 58, Neumann KMS 104/105	\$8.99
LAVF-BK-5	5 Pack Lavalier Microphone Foam Windscreen, 15mm internal length with bore diameter of 4.5mm. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: Sennheiser MKE 2, ME 2, Countryman B3, Voice Technologies VT500, VT506, DPA 40xx, 46xx, Tram TR-50, Sonotrim, OST-801/802, Shure MVL, MX150, TL45-48	\$12.99
LAVF-MIN-BK-5	5 Pack MINI Lavalier Microphone Foam Windscreen with "Squeeze Collar", Squeeze Collar keeps foam in place on super-thin and small Lavalier mics. Premium quality "open-cell" polyurethane acoustic foam, UV resistant, Use With: Sanken COS11, DPA 6060, Countryman B6, Voice Technologies VT403 and Sony ECM90/ECM88	\$24.99

PREMIUM MIC FLAGS

Premium lightweight & indestructible Mic Flags available in Triangle or Square shape in Black or White. Features “convex” sides - the slight radius provides a superior visual on-screen look & makes your logo pop! Internal rubber vanes hold and secure the microphone for a “non-slip” fit. Industry standard 2.5” W x 2.5” H square shape, and a 3.75” W x 2.5” H triangle provide a large area for your printed Logo label. Matte non-reflective finish on top & bottom, fits handheld interview mics from 19mm up to 38mm in diameter. Moulded with custom durable materials for long-lasting use. Our white flags will NOT “yellow” over time from UV exposure.

With all the vanes in place they fit handheld interview mics from 19mm up to 32mm in diameter. *For mics from 33mm to 38mm, e.g. wireless handhelds, pop off lid and remove every other black vane, reseal lid and go.

Eastwind mic flags are installed by “twisting” the microphone shank through the vanes into place.

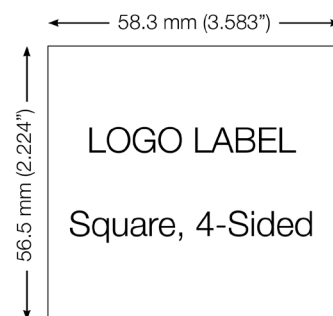

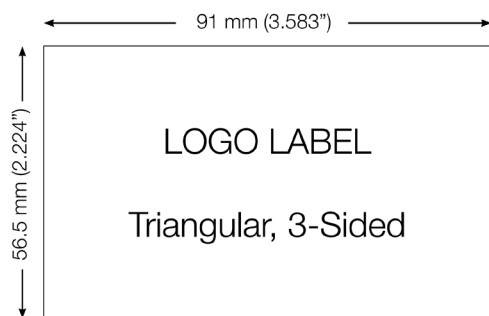

Code	Item	Price
FLAG-SQ-K	Premium Mic Flag, SQUARE, BLACK, four convex sides, internal rubber vanes for "non-slip" secure microphone fit, Industry standard 2.5" W x 2.5" H square shape, matte non-reflective finish on top & bottom, fits handheld interview mics from 19mm up to 38mm in diameter.	\$19.99
FLAG-SQ-W	Premium Mic Flag, SQUARE, WHITE, four convex sides, internal rubber vanes for "non-slip" secure microphone fit, Industry standard 2.5" W x 2.5" H square shape, matte non-reflective finish on top & bottom, fits handheld interview mics from 19mm up to 38mm in diameter.	\$19.99
FLAG-TRI-K	Premium Mic Flag, TRIANGLE, BLACK, three convex sides, internal rubber vanes for "non-slip" secure microphone fit, 3.75" W x 2.5" H triangular shape, matte non-reflective finish on top & bottom, fits handheld interview mics from 19mm up to 38mm in diameter.	\$19.99
FLAG-TRI-W	Premium Mic Flag, TRIANGLE, WHITE, three convex sides, internal rubber vanes for "non-slip" secure microphone fit, 3.75" W x 2.5" H triangular shape, matte non-reflective finish on top & bottom, fits handheld interview mics from 19mm up to 38mm in diameter.	\$19.99

STICKY DISCS

Eastwind Audio Sticky Discs are 23mm round double-sided, hypoallergenic adhesive pads with padded core. Designed to attach lavalier microphones on talent in creative ways, e.g. directly on skin, hidden within clothing or on the surface of clothing. Often used on static surfaces as “plant-mics” too. The integral soft fabric between the two adhesive pads prevents the adhered mic from crackling from movement. Sticky Discs should be applied to a dry surface and will remain secure until removed and discarded.

- Super sticky adhesive on both sides
- Hypoallergenic
- Padded core to eliminate creaking sounds from movement
- 23mm Round Pad, ideal for use with Concealers, e.g. DPA, Voice Technologies
- Combine with our Eastwind *COVERS* fur discs for wind protection outdoors
- Combine with moleskin for preventing under clothing rustle sounds
- Combine with Rycote Undercovers/Overcovers, URSA Soft Circles
- Sheets are 10-per and perforated between each 2 set of discs to tear-off
- Made in USA

Code	Item	Price
STiKY23RD-30	30 Pack, Sticky Discs are 23mm round double-sided, hypoallergenic adhesive pads with padded core. Designed to attach lavalier microphones on talent in creative ways, e.g. directly on skin, hidden within clothing, on the surface of clothing and with "Concealers". 10 discs per sheet, Perforated sheets = Tear-off 2-sets.	\$6.99
STiKY23RD-100	100 Pack, Sticky Discs are 23mm round double-sided, hypoallergenic adhesive pads with padded core. Designed to attach lavalier microphones on talent in creative ways, e.g. directly on skin, hidden within clothing, on the surface of clothing and with "Concealers". 10 discs per sheet, Perforated sheets = Tear-off 2-sets.	\$19.99

COVERS LAVALIER FUR DISC SHIELDS & COMBO PACKS

Eastwind Audio COVERS Lavalier Fur Disc Shields are engineered for providing quick & easy wind protection for Lavalier microphones worn outside of clothing. Perfectly suited for use in moderate windy conditions on lavalier mics outdoors.

Combine COVERS with our 23mm Round Sticky Discs to secure lavalier microphones with wind protection to clothing or directly on skin.

COVERS Lavalier Fur Shields come in packs of 30 or 100 Black or Gray color or a Multi Pack of 10 ea. Black, Grey and White.

Code	Item	Price

LAVALIER FOAM & FUR SHIELDS

Eastwind Audio Engineered for providing the best possible wind protection for Lavalier microphones worn on talent outdoors. Perfectly suited for use in windy conditions on lavalier mics that are attached to the outside of clothing. Combines a lavalier foam windscreen with an outer fur windshield providing a secure fit and professional quality wind protection. Creates a small dead-air cavity within the windshield to provide the desired result. In addition to reducing wind noise it will considerably minimize the noise from movement and clothing.

Lavalier Foam & Fur Shields come in Black or Gray color

Code	Item	Price
LAV-FFWS-BK2	Black Lavalier Foam & Fur Shields, PAIR, Lavalier Foam & Fur Shields combine a lavalier foam windscreen with an outer fur windshield providing a secure fit and professional quality wind protection. Provide the best possible wind protection for Lavalier microphones worn on talent outdoors. Perfectly suited for use in windy conditions on lavalier mics that are attached to the outside of clothing. Includes (2) Fur Windshields with (2) Foams	\$29.99
